**Filip Karadaghi, LandlordInvest’s Chief Executive said:** “We’re delighted to have passed another milestone in the company’s short history and see the platform going from strength to strength. The latest figures show that LandlordInvest is becoming an established alternative source of financing to professional landlords in a time when regulation and tax changes continue making it more difficult to obtain financing from traditional lenders.

At the same time, LandlordInvest’s investors have been able to earn double digit returns by lending to an asset-backed product secured by residential or commercial property, beating the inflation rate and exceeding the returns offered by many other

traditional asset classes such as bonds and stocks. Those investors that invest through the ISA-wrapper are able to enhance their returns further”.

### **What is LandlordInvest Limited?**

LandlordInvest is a fully FCA authorised secured peer-to-peer lending platform and an ISA manager within the fast-growing peer-to-peer lending industry. We provide a marketplace where lenders can earn higher returns, than lending through other peer-to-peer lending platforms, by lending to borrowers that have difficulties obtaining financing from high street lenders. Secured lending means that all our loans are always secured by property.

Our customers are:

- Borrowers - professional landlords that are looking to borrow £30,000-£750,000 up to 5 years on a buy-to-let or bridging basis.
- Lenders - Anyone that has at least £100 to lend will be able lend. We aim to offer lenders risk adjusted returns between 5%-12% per annum.
